Did you know...?

There was once a band stand in the City Park?

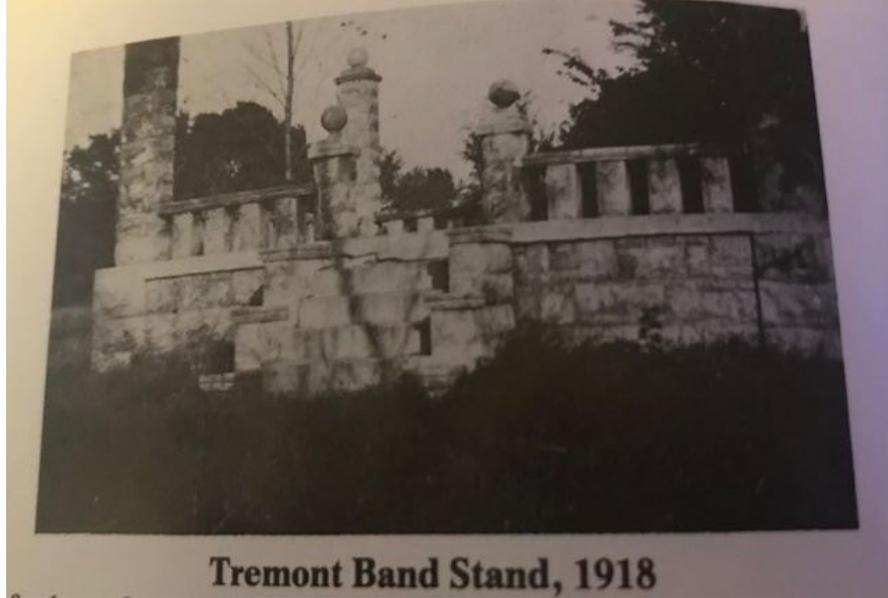

In 1911, the Women's Improvement Association was formed with the main purpose of beautifying the park by placing birdhouses, rustic seats, sand piles, swings, and sliding boards, among other features.

In 1914, the Association planned a park band stand. Funds were raised by "popular subscription and entertainments."

In 1959, the band stand was in disrepair and was torn down to make room for a park shelter.

We can just picture a band stand in the park today - can you?
